

Technical Data Sheet

PRODUCT NAME

SeptAct^{Plus} - BXGE-0404 (For Treatment of Septic tank sludge)

- Specially designed Eco-friendly product.
- Breaking down the Septic tank sludge.
- Promotes microbial activity in aerobic and microaerophilic environments.
- Digestion and stabilization of faecal sludge matter.
- Odour is significantly reduced.

SPECIFICATIONS

- Microbial consortia and enzymes in SeptAct^{Plus} BXGE-0404 belong to GRAS (Generally Recommended as Safe) category and certified as non-toxic by IITR, Lucknow, India.
- Non-pathogenic & Non-contagious.
- Do not pose any health risk to Human, Animal or Fish.
- Indigenous and manufactured in India.
- Achieves substantial degradation of faecal sludge.
- Prevent health hazard to workers involved in handling septic tank sludge.
- SeptAct^{Plus} is water soluble and can be easily added to toilet booths and faecal sludge pits.

APPLICATION

SeptAct^{Plus} can be applied to Septic tanks, Soak pits, Pit Latrines, Toilet booths & open defecation grounds.

DOSAGES

Refer to the Application chart on the pack.

SALIENT FEATURES

- Accelerates natural reactions due to the catalytic action of its bio-organic based formula.
- Ensures biological conversion of scum material (usually high in organics) to liquid, thus reducing the odour
- Synergy and co-metabolism between the microbes ensure their presence in the environment once applied.
- Eliminates many types of odours by bio-chemically altering the odorous compounds.
- Works well within a wide range of pH and temperature.
- Non-toxic, non-hazardous, non-flammable, non-explosive.
- Non-irritating to most skin tissue (do not cause rash or burns).
- User friendly and does not require any special precautions for transportation.

SAFETY PRECAUTIONS

- Use long sleeved clothing, rubber gloves and chemical safety goggles.
- Wash hands and face before eating, drinking or smoking after handling product.
- On accidental ingestion, give victim water or milk to drink to dilute the product.
- Induce vomiting only if advised by physician.

SHELF LIFE

One year from the date of manufacture, if unopened & properly stored in original factory sealed containers

PACKING

Available in (10g x 100)- 1Pack.

STORAGE/ COVERAGE

Store in cool and dry place, avoid direct sunlight and keep container closed when not in use.

LIMITATION OF LIABILITY

This information is based on our current level of knowledge and cannot be considered exhaustive. The user, under its own responsibility, shall respect all the existing provisions on health and safety and shall verify every time the features and the specific and appropriate way to use the product. The users must satisfy themselves that there are no circumstances requiring additional information or precautions or the verification of details given herein.
