

Technical Data Sheet

PRODUCT NAME

StinkKill BXGE-0301 – For Odour Elimination

- Bio-organic and natural product-based odour control agent.
- Composed of proprietary products along with buffers and other biological additives.
- Not a masking agent but an Odour neutralizer.
- Completely biodegradable.

SPECIFICATIONS

- Accelerates natural reactions due to the catalytic action of its bio-organic based formula.
- Removes malodours from the environment through a combination of mechanisms with solubility being the most important.
- Trap the odorous molecules and initiates a biochemical reaction leading to a conformational change in the odorous thus preventing the malodour from returning to the atmosphere.
- The product could be either mixed directly into the waste stream or sprayed through misting system depending on the type and intensity of the odour.

APPLICATION

StinkKill is well suited for odour control in various segment including Municipal Solid Waste including landfill sites, Food and Dairy Processing, Poultry and Slaughter house waste, ETP, STP's Nallahs, park, resorts and washrooms.

DOSAGES

0.2% to 1% depending on the intensity of the odour.

SALIENT FEATURES

- Eliminates many types of Odors by bio- chemically altering the odorous compounds.
- Works well within a wide range of pH & temperature.
- Keeps away flies and roaches.
- Kills pathogens and mosquito larvae.
- Keeps birds and scavenging dogs away.
- Non-toxic, non-hazardous.
- Non-irritating to most skin tissues.
- User friendly and does not require any special precautions for transportation.

SAFETY PRECAUTIONS

- Use long sleeved clothing, rubber gloves and chemical safety goggles.
- Wash hands and face before eating, drinking or smoking after handling product.
- On accidental ingestion, give victim water or milk to drink to dilute the product.
- Induce vomiting only if advised by physician.

SHELF LIFE

One year from the date of manufacture, if unopened & properly stored in original factory sealed containers.

PACKING

Available in 1L & 25L packs.

STORAGE/ COVERAGE

Store in cool and dry place, avoid direct sunlight and keep container closed when not in use.

LIMITATION OF LIABILITY

This information is based on our current level of knowledge and cannot be considered exhaustive. The user, under its own responsibility, shall respect all the existing provisions on health and safety and shall verify every time the features and the specific and appropriate way to use the product. The users must satisfy themselves that there are no circumstances requiring additional information or precautions or the verification of details given herein
